

Privacy Policy

Your privacy on the internet is important to us. As part of innershed.com operation, we may gather certain types of information about innershed.com users, and we would like to explain the types of information we gather, what we do with it and how to correct or change the information.

We will never (and will not allow any third party to) use the statistical analytics tool to track or to collect any Personally Identifiable Information (PII) of site users. Google will not associate your IP address with any other data held by Google. Neither we nor Google will link, or seek to link, an IP address with the identity of a app user. We will not associate any data gathered from this app with any Personally Identifiable Information from any source, unless you explicitly submit that information via a fill-in form on our website or app.

Information collected by innershed.com

Innershed.com collects two types of personally identifying information from users: personal data (such as names and e-mail addresses); and aggregated data (such as information about traffic patterns on innershed.com, for example how many users log into innershed.com on a daily basis).

Personal Data

Personal data is collected when users provide personal data to Innershed.com, for example in registering for electronic newsletters or other membership services, in answering surveys, purchasing services from Innershed.com, and registering for contests and other promotional opportunities provided by Innershed.com. Also, we collect the e-mail addresses of users who post messages to message boards and chat areas which may be offered by Innershed.com.

At any time you can request to not receive information about our products and services. You can unsubscribe at anytime by clicking the link in the bottom of our emails.

Aggregated Information

Aggregated information, such as which pages users access or visit and information volunteered by users, such as survey information and/or site registrations, is collected through various methods. For example, Innershed.com collects IP addresses. An IP address is a number that is automatically assigned to your computer whenever you're surfing the Web. Web servers, the computers that "serve up" Web pages, automatically identify your computer by its IP address, and when you request a page from Innershed.com, our servers log your IP address.

Innershed.com does not link IP addresses to anything personally identifiable, so although your session will be logged, you will remain anonymous to us. Innershed.com collects IP addresses for the purposes of system administration and to provide aggregate data to advertisers about the volume of use on Innershed.com.

Use of Cookies

Innershed.com does not use "cookies" to collect information. A cookie is a small data file that most major Web sites write to your hard drive for record keeping purposes when you visit them. Cookies would allow Innershed.com to measure activity on the Site and to improve your user experience, for example by remembering your passwords and viewing preferences, thus allowing you to visit various member-only parts of the Site without re-registering. Cookies are not used by innershed.com to measure activity on the Site and make improvements and updates based on which areas are popular and which are not.

Innershed.com does not use cookies to retrieve information from your computer that was not originally sent in a cookie.

Except for personal information voluntarily provided by you (i.e: during membership registration or a contest), Innershed.com does not use information transferred through cookies for any promotional or marketing purposes, nor is that information shared with any third parties whatsoever. You may occasionally get cookies from our advertisers, which is standard in the internet industry. Innershed.com does not control these cookies, and these cookies are not subject to innershed.com's privacy policies. Most browsers are initially set to accept cookies. If you'd prefer, you can set yours to refuse cookies or to alert you when cookies are being sent.

However, it is possible that some parts of the Site that innershed.com may offer, such as the member-only areas and shopping, contest and game areas, will not function properly if you do so.

Use of Information collected by innershed.com

Innershed.com uses both the personal and aggregated information we collect for multiple purposes. The information is used to improve the content of the Site, to customize the content and/or layout of the Site for each individual user and to notify users about updates to the Site or promotional offers or opportunities that we believe will be of interest to you.

Innershed.com DOES NOT share aggregated information with third parties for both advertising and promotional purposes. Innershed.com does not share personal information with third parties for marketing or promotional purposes. In addition, in the event Innershed.com plans to post any personal information on the Site, Innershed.com will either notify you of this possibility when you provide the information and/or, if possible, when the information is posted. Occasionally, we may post the name of a user (for example a contest winner) on one of our sites. Innershed.com will notify you of this possibility when you provide your information or, if possible, will notify you when the information is posted. Innershed.com does not use third party advertising companies to serve ads when you visit our sites.

Innershed.com uses a tool that collects your requests for pages and passes elements of them to search engines to assist them in indexing this site. Innershed.com controls the configuration of the tool and are responsible for any information sent to the search engines.

Children and Privacy

Innershed.com encourages parents and guardians to spend time with their children online, and to be fully familiar with the sites visited by their children. At various places on Innershed.com, Innershed.com may ask whether users are under the age of 16 for example when requesting personal information from users, or Innershed.com may ask for parental consent.

However, while Innershed.com requests this information or permission, Innershed.com relies on users to be truthful in responding to these questions.

Individuals Under 16

No information should be submitted to or posted on the Site by users under the age of 16 years without the consent of their parent or guardian. Innershed.com does not provide any personally identifying information, regardless of its source, to any third party for any purpose whatsoever unless disclosed during collection. Users under the age of 16 are generally asked not to participate in contests or other promotional opportunities.

Individuals 16 Through 18

Innershed.com requests that children under the age of 18 do not submit or post information to the Site without a parent or guardian's consent. Innershed.com may collect information, including personally identifying information, from users between the ages of 14 and 17, and with the permission of their parent or guardian this information may be used for marketing and promotional purposes by Innershed.com and may be shared with prescreened third parties. If a user or their parent or guardian changes their mind with respect to such use, such user, parent or guardian may stop that use - either by e-mail request or by modifying his/her registration information online as described above in "Use of Information collected by Innershed.com".

Links to Other Sites

It is important to note that Innershed.com contains links to sites other than Innershed.com, and that those sites may not follow the same privacy policies as Innershed.com.

For instance, if you click on an advertisement on Innershed.com, this will take you away from Innershed.com and to an entirely different site. Other links include links from advertisers, content providers and partners. These sites may send their own cookies to you, and may collect data and make uses of it that Innershed.com would not.

The use of any information or materials that you may access at these external sites is purely voluntary. You should not rely on their contents without independent and thorough review of the accuracy, completeness, effectiveness, timeliness and correct sequencing. These external sites may also refer to specific commercial products, processes, or services by trade name, trademark, service mark, manufacturer or otherwise. Unless Innershed.com has provided specific authority, such references in no way indicate our endorsement, recommendation or preference. This section should be read in conjunction with the full Terms of Service.

Additional Information

No transmission of data over the Internet is guaranteed to be completely secure. It may be possible for third parties not under the control of Innershed.com to intercept or access transmissions or private communications unlawfully. While we strive to protect your personal information, Innershed.com cannot ensure or warrant the security of any information you transmit to us. Any such transmission is done at your own risk. Under no circumstances, including but not limited to negligence, shall Innershed.com be liable for any special, incidental or consequential damages that result from the use of information or materials on our sites, even if Innershed.com or an authorised representative of Innershed.com, has been advised of the possibility of such damages. This section also should be read in conjunction with the full Terms of Service.

USE OF THIS SITE SIGNIFIES YOUR AGREEMENT TO THE TERMS OF USE AND PRIVACY POLICY.

Innershed.com reserves the right to change this policy at any time by notifying users of the existence of a revised privacy policy.

You can send an email to us with any further questions to design@innershed.com
